| 838  | Subase Kings Bay, Georgia    |  | Waste Information Document (WID) |  |
| As of 9/8/2020   |                              | WID Number 1993 - 838  |                                  |  |
| Waste Description: VESSEL SOLUTION - PYRIDINE FREE   |                              |  |                                  |  |
| Waste Material label required?: YES  |                              | Hazardous Waste label required?: YES   |                                  |  |
| Waste Generation Process: EXPIRED SHELF-LIFE   |                              |  |                                  |  |
| Waste Class: HAZARDOUS WASTE   |                              | Required Container: STEEL / POLY   |                                  |  |
| EPA Waste Numbers D001,D022  |                              |  |                                  |  |
| Special Handling & Instructions: UHC: METHANOL   |                              |  |                                  |  |
| Remarks GHS02, GHS07   |                              |  |                                  |  |
| For Environmental Department Use Only - - - - Material Composition   |                              |  |                                  |  |
| Component  |                              | Percent  | Parts Per Million                |  |
| 1. METHANOL  |                              | 50%  | 500000 ppm                       |  |
| 2. CHLOROFORM  |                              | 30%  | 300000 ppm                       |  |
| 3. NON TOXIC AMINE   |                              | 12%  | 120000 ppm                       |  |
| 4. SULFUR DIOXIDE  |                              | 8%   | 80000 ppm                        |  |
| 5.   |                              | %  | ppm                              |  |
| Physical State: LIQUID   | Waste Water: NO              | Toxic: YES   | Dioxin Listed: NO                |  |
| Corrosive: NO  | pH: N/A                      | Reactive: NO   | Flash Point: 51 F.               |  |
| High TOC:  | Low TOC :                    | Land Ban: YES  | Flammable: YES                   |  |
| Reason for Classification: MATERIAL NOT SPENT, FLASH POINT = 51 F, CONTAINS 30 % CHLOROFORM  |                              |  |                                  |  |
| Treatment Standards: 40 CFR 261  |                              | CAS# SOLUTION  | Generation Code: G11             |  |
| Shipping Information   |                              |  |                                  |  |
| DOT Shipping Name: UN1993, WASTE FLAMMABLE LIQUID, TOXIC, NOS (METHANOL SOLUTION), 3, PGII, D001, D022   |                              |  |                                  |  |
| HAZ Class: 3   | Reportable Quantity: 10 LBS. |  | Emergency Response Guide #: 128  |  |
| EPA Waste Numbers: D001,D022   |                              |  |                                  |  |
| Certification: I certify that the above named materials are the only compounds included in the waste stream described and no other substance is present. |                              | <div>Prepared by</div> <div>Signed and Dated Copy On File</div> <div>Subase Env.
